1. Executive Summary

GlobalTrust Financial Services (GTFS) presents the FY2026 Annual Budget with a total approved allocation of **SGD 1.25 billion**. The budget supports our growth strategy while maintaining disciplined cost management and regulatory compliance across our Singapore headquarters and regional operations serving 4,850 employees.

FY2026 projected revenue of **SGD 3.85 billion** reflects expected revenue growth of **12.8%**, driven by digital banking expansion, mortgage portfolio growth, and commercial lending. Projected net profit of **SGD 640 million** assumes operating efficiency gains with a target cost-to-income ratio of **41%** and cost reduction of **6.4%** across non-customer-facing functions.

EXECUTIVE NOTE: Investment priorities for FY2026 include Project Phoenix (SGD 28M), Atlas Platform Modernization (SGD 75M), and Cloud Migration (SGD 55M). Cybersecurity receives SGD 42 million within the broader technology budget of SGD 185 million.

Financial Outlook: GTFS enters FY2026 from a position of strength following record FY2025 performance. The Board has approved a balanced budget that prioritises growth investments while delivering projected net profit of SGD 640 million.

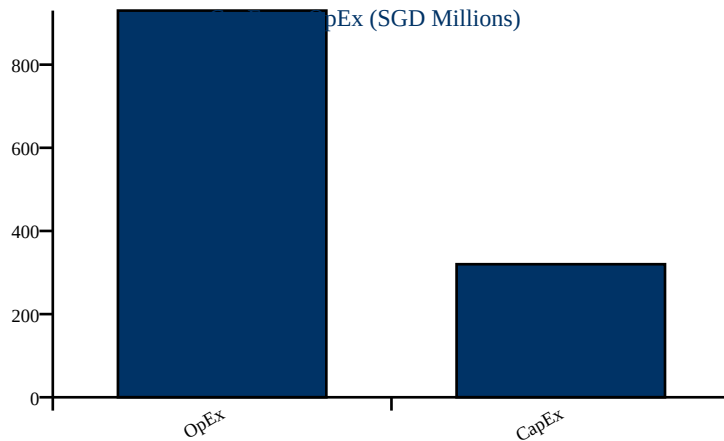

Growth Strategy: Revenue diversification across eight business lines reduces concentration risk. Digital banking and mortgage services are the fastest-growing segments at 18% and 14% respectively.

Operational Efficiency: A 6.4% cost reduction target will be achieved through automation, cloud migration, and shared services consolidation without impacting customer-facing quality.

2. Budget Overview

Budget Category	FY2026 Allocation (SGD)	% of Total
