1. Executive Summary

Building on the momentum reported in GTFS-FIN-002, GlobalTrust Financial Services delivered an improved second quarter. Q2 revenue reached **SGD 986 million**, up 5.5% from Q1 (SGD 935 million), with net profit of **SGD 168 million** (+11.3% QoQ). Operating margin expanded to **17.0%** from 16.1% in Q1, while the cost-to-income ratio improved to **40.9%** — now below the FY2026 annual target of 41% per GTFS-FIN-001.

Operational Efficiency: Operating expenses of **SGD 726 million** increased modestly from Q1 (SGD 708 million) but grew slower than revenue, reflecting scale benefits from automation and Phoenix-driven productivity gains.

Technology Initiatives: Project Phoenix advanced from 34% to **68%** completion, with cumulative spend of SGD 14.2 million. Atlas modernization reached 58% (from 41%) and cloud migration 47% (from 29%) following successful Mumbai integration testing.

Customer Growth: Digital banking users grew to **2.32 million** (+7.9% QoQ) with **42,700** new accounts onboarded. Customer satisfaction reached **95.1%**, exceeding the FY2026 target of 95%. Headcount increased to 4,910 employees (+60 net hires).

QUARTER HIGHLIGHT: Digital transaction volume grew 21% quarter-over-quarter, driven by mobile app enhancements and Phoenix-powered self-service. Average mobile app rating improved to 4.8/5.

Profitability: Net profit growth of 11.3% outpaced revenue growth of 5.5%, reflecting improved operating leverage. H1 net profit totals SGD 319 million (Q1 SGD 151M + Q2 SGD 168M).

Project Phoenix: Expanded from 800 pilot users (Q1) to all 4,910 Singapore employees. Q2 spend SGD 7.4 million (cumulative SGD 14.2 million). Risk: user adoption in Dubai — mitigation via regional champions. Next: Mumbai rollout in Q3.

Atlas Modernization: Lending module migration completed; API gateway live. Mumbai integration testing resolved Q1 delays. Next: wealth management module Q3.

TECHNOLOGY MILESTONE: Cloud migration reached 47% — ahead of the H1 target of 45%. Singapore DR site failover test completed successfully in June.

Upcoming Q3 Deliverables

- Phoenix: Mumbai employee rollout; multilingual support (English, Hindi).
- Atlas: Wealth management module migration; performance testing.
- Cloud: Production DR cutover; 60% workload migration target.
- Cybersecurity: Q3 penetration test; expanded threat intelligence feeds.
- AI Assistant: Integration with customer support dashboard.
